

UConn Animal Science Seminar Series: **Fall 2024**  
Fridays from 12:20 - 1:10 PM - George White 209

<b>August 30</b>	<b>No Seminar</b> Students enrolled in ANSC 5694 to meet with Dr. Mancini to discuss the syllabus.
<b>September 6</b>	<b>Karen Moré, MS, CPIA</b> , Director of Research Compliance, UConn OVPR "IACUC Training".
<b>September 13</b>	<b>Abhinav Upadhyay</b> , Assistant Professor, UConn Department of Animal Science "Pursuing Excellence in Food Safety: A 5-Year Update on Research and Teaching Efforts in Animal Science".
<b>September 20</b>	<b>Antonio Faciola</b> , Associate Professor, University of Florida "How to Succeed in Grad School and Beyond". Virtual Seminar: <a href="https://uconn-cmr.webex.com/meet/meu23001">https://uconn-cmr.webex.com/meet/meu23001</a>
<b>September 27</b>	<b>Breno Fragomeni</b> , Assistant Professor, UConn Department of Animal Science "Genetic and Genomic Evaluation of Complex Traits: An Overview of the Animal Genomics Laboratory".
<b>October 4</b>	<b>Cheyenne Summers</b> , Graduate Student, UConn Department of Animal Science "The Impact of Maternal Body Condition on Parturition, Lactation, and Foal Growth".
<b>October 11</b>	<b>Corrado Spadafora</b> , Researcher, Institute of Translational Pharmacology – National Research Council; Rome, Italy "Sperm-mediated transgenerational inheritance".
<b>October 18</b>	<b>Indu Upadhyaya</b> , Food Safety Assistant Extension Educator, UConn Extension "Bridging the Gap: Advancing Food Safety through Extension Education".
<b>October 25</b>	<b>Ana Leticia Rodrigues</b> , Graduate Student, UConn Department of Animal Science "Reducing Food Safety Risks in Agricultural Water Through Research and Farmer Survey in Connecticut".
<b>November 1</b>	<b>Nicole Tillquist, PhD</b> , Post-Doctoral Researcher, UConn Department of Animal Science "Inclusivity In and Outside of an Animal Science Classroom".
<b>November 8</b>	<b>Issabelle Ampofo</b> , Graduate Student, UConn Department of Animal Science "Single-Step Genomic Predictions for Holstein, Jersey and Their Crossbreds Using Metafounders".
<b>November 15</b>	<b>Jodie Allen</b> , Graduate Student, UConn Department of Animal Science "Investigating the Potential of Eugenol Nanoemulsion in Reducing <i>Salmonella</i> Enteritidis Colonization in Broiler Chickens and Survival on Poultry Products".
<b>November 22</b>	<b>Santhi Priya-Voggu</b> , Graduate Student, UConn Department of Animal Science "Effects of Maternal Nutritional Restriction and Betaine Supplementation on Offspring's Growth, Metabolism, and Liver Epigenetic Regulation".
<b>November 29</b>	<b>No Seminar</b> Thanksgiving Recess.
<b>December 6</b>	<b>No Seminar</b> Students enrolled in ANSC 5694 to meet with Dr. Mancini.

For more information, contact Dr. Richard Mancini at 860-486-1775 or [richard.mancini@uconn.edu](mailto:richard.mancini@uconn.edu). Visit our website for seminar updates at [www.animalscience.cahnr.uconn.edu](http://www.animalscience.cahnr.uconn.edu). If you require an accommodation to participate in this event, please contact Dr. Richard Mancini at 860-486-1775 or [richard.mancini@uconn.edu](mailto:richard.mancini@uconn.edu) at least 5 days in advance of the seminar you plan to attend.
